SAFETY

BBQ'S & FIRE

Personal camp fires are prohibited in the campsites and will be extinguished to protect the safety of everyone at the festival. Visitors are permitted to bring purpose built BBQs or small gas camping stoves. No disposable BBQs in the festival site or campsite.

Disposable BBQs will be confiscated.

GAS CANISTERS

Gas canisters are allowed on site, although please be reasonable with how much you bring. Remember not to cook inside tents, and take extreme caution when changing camping gas.

The Gas Canister limit is 5kg.

AEROSOLS

Aerosols are allowed on site but please be sensible and respect your fellow festival goers.

Misuse can result in ejection from the festival.

PYROTECHNICS

As of April 2017, changes in legislation under the policing and crime act 2017 means that anyone found guilty of possessing Pyrotechnics (Flares, Fireworks, Smoke Bombs etc) at a music festival could face up to 3 months in prison. Please do not bring them to the festival under any circumstances.

ADVERSE WEATHER

Y Not Festival is situated on greenfield land, as such conditions during adverse weather may become hazardous. Please ensure you bring appropriate footwear and clothing to cater for the possibility of wet, muddy and slippery conditions

SAFETY & SECURITY

Over the past few months we have been working to ensure Y Not will be an enjoyable and safe event for all. We hope you don't need the police, but if you do, police officers will be on site during the festival, alongside security staff, and whilst we hope you won't need their assistance they are here if you do need support. Please talk to officers if you do need help or advice, they will be happy to help you.

We want you to leave Y Not with great memories, new friends, and... all of your belongings.

Read the tips below from officers for staying safe at this year's event:

- **Keep valuable items with you in a secure bag or inside pockets at all times.**
- **Campers are encouraged to put valuables in their sleeping bag with them when they go to bed.**
- **Stick with your friends — if you're with people you know and trust, the chances are you'll look out for each other. Festivals give you the opportunity to meet new friends but going off with people who you've just met may lead you into situations you don't want to be in.**

- **Moderate your alcohol consumption, if you overdo it you'll be less aware and less likely to spot dangers.**
- **Keep an eye on your drink and never leave it unattended.**
- **If you're the designated driver for your journey home, remember that you could still be over the limit if you have too much to drink the night before you leave. So if you plan to hit the road the next day, stay sober the night before. No festival is worth losing your licence or your life over, and if you're over the limit the next day, the risk of a collision is huge.**
